

# Attend a Community Listening Session

**We need you!**

**Help shape the future of bicycling in Hennepin County**

Hennepin County and Three Rivers Park District are revising the county-wide bike and regional trail plan. The plan identifies bike and trail routes, and sets priorities, goals, and guidelines for bike routes and regional trails.

**Not a biker?** This plan influences how county roads are constructed and funded, so the results affect all county residents, not just those who bike.
